7. (Internal Use Only - GLC) Mr. William Lowell, of the Senate Internal Security Subcommittee staff, called to say that he was working on the text of Mr. Kirkpatrick's speech before the police chiefs and was having some difficulty in writing appropriate captions for the pictures in the Communist handbook. He asked if someone could be made available to assist him on this. I advised Lowell that I would check on this and be in touch with him.

8. (Internal Use Only - GLC) William McAfee, of State Department, called to see if we had developed a position on J. Res 77. I informed him that the Director had been working on this but that I had not seen a finished draft. I also informed him that we had been in touch with Jim Hyde, BSB, concerning our report and would probably have some contact with the White House on it. I also informed him that we had received a call from Defense on the same subject and that Defense was waiting until the Agency had developed a position before submitting a report to the Bureau for clearance. McAfee indicated the Department would do likewise.
